

## Summer-Care Supply List

Dear Summer-Care Families,

Your child will need the following materials/supplies beginning the first day of Summer Care. We hope you will find this list useful as you shop and prepare your family. Unless stated, all supplies will be communal and will not need to have your child's name on them. **Please write your child's name on the non-communal items listed below.**

GRM has a small kitchen on site but will not be providing meals for students. Each child is required to bring a lunch and a snack from home. You are welcome to send a box of snacks with your child to keep at summer-care if you do not want to pack one every day. We will label the snacks and keep them in a designated area for your child to grab during snack time: cupboard or refrigerator. The kitchen has a microwave and refrigerator, which can be used for lunch and snack items. Please send lunches with an ice pack if it needs to stay cold; we cannot guarantee enough refrigerator space for all lunches.

### Communal Item

- Box of Kleenex
- 3 pack of Glue Sticks
- Container of disinfecting wipes
- 1 pack of white printer paper
- Pick **one** item from the list below (can be gently used)
  - Board game
